Dear Hugh

**RE: Endorsement of the Sydney Metro Western Sydney Airport, Advanced and Enabling Works, Footbridge St Marys Construction Environmental Management Plan, Rev 03**

Thank you for providing the following document for Environmental Representative (ER) review and approval in accordance with MCoA A32(j) of the Sydney Metro Western Sydney Airport project (SSI – 10051 July 23, 2021):

- *Sydney Metro Western Sydney Airport – Advanced and Enabling Works, Footbridge St Marys Construction Environmental Management Plan Revision 03 dated 18/09/2024 (CEMP Rev 03).*

As an approved ER for the Sydney Metro Western Sydney Airport project, I have reviewed the following proposed minor amendments in the CEMP Rev 03:

- Section 10.1 – additional information provided regarding the risk control process
- Attachment P – updated the Water Reuse Strategy with further information on site water reuse options and testing requirements
- General - General corrections including typographical errors and expression

It is noted that:

- Previous versions of the document have been reviewed and updated following comments from the ER
- Sydney Metro and Transport for New South Wales have also reviewed and commented on the document

Based on the information reviewed, in my opinion, the proposed changes constitute a minor amendment pursuant MCoA A32 (j). Accordingly, as an approved ER for the Sydney Metro Western Sydney Airport project, I approve the amended CEMP Rev 03.

The Project is reminded to ensure the most recently approved CEMP is made publicly available on the Project's website.

Yours sincerely

Alex Gale  
Environmental Representative – Sydney Metro Western Sydney Airport
